Seto: You came back, why? This show is polluting the minds of innocent children.

Asu: POWER TO THE FREAK!!!

Cazu: Woohoo!!!

Seto: You all have greater issues than the human mind can comprehend.

Atty: I donated my brain to the chimps at the zoo for experiments.

Seto: When will the torture end?

Asu: After this commercial break we'll sing and announce the winner.

Yugi: ... and we're back.

Seto: Yugi had the most of the unnecessary points.

Asu: Okay audience pick a topic *audience screams* I think I heard milk jug. Lets go!!

Seto: *thinking: Milk jug? Wow this show has hit the ultimate low*

Sho: ~Just the other day I was going through the fridge for something to drink and what to my surprise its as dry as a bone. So instead I shoved the milk jug and shoved it down your throat~

Atty: ~The chimps at the zoo love to throw things at me. They we're digging through th trash can and I'm still trying to get the milk at of my eyes~

Cazu: ~Milk is important drink some everyday. Just remind me to stay very far away~

Seto: ~My brother is weird. Weird as wierd can be. Just the other day I was walking down the hall untill I was swept away by a river of milk~

Asu: ~The people in this show are as dumb as a jug. Sometimes I think I should pull the plg. Cats love milk so I drink them up. Man, l'e sunk low to get caught up in this stuff~
