1. The Getbackers

Ban and Ginji shuffled into the Honky Tonk coffee shop and slumped down on a couple of stools.

"Still no business i take it?" Paul asked.

"No, not even Hven has anything for us." Ginji sighed.

"Well your in luck someone called in for you today."

"Really?" Ban and Ginji said together.

"Yeah he couldnt hang around be this is his adress, he said it was a big job."

"Alright lets go!"

Ban pulled up infront of a post looking house on the very edge of town.

"Its this it?" Ginji asked.

"No i thought id just go the wrong house." Ban said rolling his eyes.

Ban knocked hard on the door and waited untill a young man (about 25) ansered the door.

"You requested the GetBackers?" Ginji grinned.

"Oh yes," The man stepped out side and closed the door behind him, "is it true you can get anything back?"

"Yeah." Ban said flatly lighting a cigarette. "whats missing?"

"Well its acctually my sisters, a pendent that was given to her by an old friend, she refuses to get help so she mustnt find out that ive hired you. This is the pendant." He handed Ban a photo of a small dagger on a silver chain.

"Any ideas where we could start?" Ginji asked.

"She said she was fighting with a gang of thugs outside Infinite Castle (i forget the proper name...begins with 'M' i think) when it dissapered to they might have it, honastly i dont know why she goes there."

"What do ya think Ginji?"

"Sounds simple enough right?"

"how much does it pay?"

"150,000, 1/3 in advance."

"Thats a lot just for a pendant."

"Shut up Ginji" he turned to the man, "you got a deal."

"Thank you for my sister too." he gave Ban The 50,000 in cash and went back inside.

"150,000 it must be really important."

"Who cares." Ban shrugged tossing his cigarette into the street. "Well lets go now and get it over with so we can eat."

2. Enter You

They got into Bans car and headed toward Infinite Castle.

"Will you be ok Ginji?"

"Sure its only outside right?"

No sooner had they pulled up than the trouble started, a gang of around 5-6 approached the car.

"Hey this is our territory, so unless ya wanna die get lost."

"Sorry we got business here."

"And it aint your territory!" [enter you lol]

Ban and Ginji turned to see a young woman with long raven hair and bright blue eyes, you ignore the GetBackers completely and head towards what appears to be the leader.

"Heheh -----? come to try claim out territory by your self again?"

"Naw not today i just want whats mine."

"Eh? oh ya mean this trash." He took a silver dagger on a broken chain out of his pocket.

"Hey Ban thats the pendant were getting back."

"You what?" You turn to Ban and Ginji havin only just really noticed them.

"Shut up Ginji." Ban muttered.

"Did my brother hire you?"

"That would appear to be the case."

"Well go home Get BAKAs (my lil bro came up with that, cause backer sounds like baka gettit, no? oh forgettit.) Your not needed."

"Sorry kid but we were hired and we aint loosin our-"

"almost" Ginji butted in.

"100% success rate."

"whatever." You roll your eyes and turn back to the gang leader.

"So ya gonna give it back or do i have to hurt ya?"

"I think ill keep it." he smirked.

"Well ill tell ya what you can keep it till ya die!"

You begin to fight with the gang leader, while Ban and Ginji watch, shocked. Just when your winning another gang member grabs you from behind wrapping a thick chain around your throat, you can feel your head getting cloudy before you pass out.

You open your eyes slowly, you can see the stars above you, you sit up your head still feels dizzy. You look around trying to figure out where you are when you feel something around your neck, your pendant! Then this must be, Ban pulled open the car door and poked his head inside.

"Your awake then?"

"I told you i didnt need your help."

"Yeah but im not the sort that does what hes told. Im Midou Ban and thats Amano Ginji."

Ginji waved from across the street.

"-----"

"We brought ya home but didnt want to move ya till we were sure ya were ok."

"im fine" You said getting out of the car.

"Later guys" You waved vaguely and crossed the street to your house.

3. Wrecked

The bell went in the Honky Tonk but no one heard it because of all the noise coming from one of the booths, Ban and Ginji were fighting over the last piece of pizza. You walked up to them and cleared your throat, they stopped fighting and looked up at you.

"My brother said I've to come and thank you for getting my pendant back, but I'm not going to."

"It was no problem." Ginji grinned jumping up to put his arm around you.

"Yeah it's what we do want some pizza?" Ban said.

"b-but I didn't thank you!"

"I said you don't need to thank us" Ginji laughed.

"But? oh forget it" you grabbed a piece of pizza.

You ended up spending the afternoon eating pizza and drinking with Ban and Ginji, at about 9pm a woman with blonde hair and huge breasts bulging out of a red corset top with a matching matching mini skirt.

"heya boys fancy a late night job?"

You burst out laughing spraying Ban and Ginji with sake.

"No need Hven, we just had a job that will keep us going for a while, and your jobs are always daingorus." Ginji surred.

"How much have you been drinking Gin-kun?"

"Not enough" Ban yelled giving Ginji a refill.

"Hey Ban," you whispered, "who's the hooker?"

"Oh that's Hven she's like an agent finds us jobs n stuff."

"Hey Ban can we afford to stay here tonight, the car hurts my back."

"Course we can."

"That's something, I probably should be off, Onii-chan will be worried."

"No way," Ban said pulling you back into your seat, "There's no way you're going home in your state, you're gonna stay here with us." he refilled your cup.

"Ban you're drunk." you giggled.

"Not as drunk as I could be." Ban laughed.

Paul sighed, "I'll call your brother tell him you're staying here."

After another hour or so things had slowed down, Hven and Natsumi had left Paul was clearing up and Ginji was passed out under the table. So you and Ban headed up to the room. (get those filthy thoughts out of your head!)

"Shouldn't we bring Ginji up too?"

"Are you gonna carry him?"

"Good point."

You had both sobered up a bit by now so you reached the room without any problem.

"Man I'm tired." You yawned.

"Not too tired for a little fun I hope." Ban winked.

"I'm not that drunk."

"You sure?" Ban asked grabbing you from behind.

"Quite."

"Ok." Ban let go of you and lay down on the bed falling asleep immediately, you laughed and lay down next to him, you watched him for a second, he was kinda cute.

"Ask me again when you're sober." You whispered and went to sleep.

4. Next Job

You didnt need to open your eyes to know you had the mother of all headaches (i personally dont get hangovers but thats cuz i rock!), you wernt much of a drinker you were suprised you haddnt thrown up or anything. You opened your eyes...

"AAAGGGGHHH!!!" you lept 3 feet in the air and fell out of bed.

"Good morning to you too," Ginji laughed.

"Ginji what the hell? ah my heads killing."

"Thats what ya get for drinking so much." Ban came out

of the bathroom with a towel round his waist.

"What you guys were worse than me!"

"Yeah but we can handle it." Ban laughed toweling his

hair dry, You couldnt help but notice how much better it

looked with his hair down, realising you were staring you

looked away quickly before anyone noticed.

"Hven has a job for us, she said she came last night but we

were too smashed."

"I remember her, looked like a bad drag queen."

Ban and Ginji laughed.

"we should get going soon." Ban said pulling his shirt over his head.

"Let me come too."

"What no way."

"Oh come on i bet its an easy job, Ginji you say

i can come right?"

"Fine whatever."

"Aw Ban your the best!" you jump up and hug him before

grabbing his car keys and yelling as you jog down the

stairs. "off to get changed - borrowing the car - be back

in 20 minuites"

"What the hell? Oi can you even drive."

"Kinda." you yell back up the stairs before getting into

the car and stinging off.

"Kinda? OMG shes gonna wreck my car!"

You actually could drive fine, you just wanted to wind

Ban up. Once you get home you say a quick hello to your

brother and tell him where you're going before getting a

quick shower and getting dressed. Like you said it only

took 20 minutes, when you got back to the Honky Tonk Ban

was pacing up and down, as soon as you entered he ran up

to you and grabbed you by the shoulders.

"You've been gone hours what the hell happened."

"relax dude." you laughed tossing him the keys. "the cars

fine."

Ban rushed out to examine it anyway. You rolled your eyes

and sat down with Ginji.

"So what's this job anyway?"

"Some old lady had her award winning show dog kidnapped

and held to ransom, or something like that."

"the cars fine so let's go." Ban yelled.

You climbed into the back seat, you only just noticed it

was covered in clothes and other odds and ends.

"Do you guys live in here or something."

Ban laughed nervously, "don't be silly we got a house."

"We do then why've we been sleeping in the car?"

"Shut up Ginji!"

You laughed, "You guys are a couple of idiots ya know

that."

"Then what are you still doing with us?" Ban asked.

you weren't quite sure what it was that made you like

these guys, so you thought you better say something jokey.

"You make me feel smarter." It wasn't your best comeback

but it would do.

5. Akabane Kuroudo

"So all we gotta do is get this stupid mutt back?" Ban said as you got out of the car in front of an old warehouse

"Hmm its not guarded at all." Ginji said.

"well it wouldnt be their ammatures thats what makes it easy."

He opened the door to the warehouse,

"see its not even locked."

you followed Ban and Ginji into the darkened warehouse, you were suddenly hit by an uneasy feeling.

"Ban, somethings not right."

You couldnt believe how creeped out you were all of a sudden, as if there was something there you should be terrified of, you grabbed the sleeve of bans shirt, something deffinatly wasnt right.

"You worry to much." Ban laughed as you walked further into the darkness.

"But its deffianatly different to what we expected, how many theives can see in the dark?"

You werent sure if he was joking or not.

"Good to see you again, Ban-san, Ginji-Kun."

Ban pushed you back as knives came whizzing from nowhere towards you.

The lights all came on at once blinding your eyes that had become accustomed to the pitch black. Slowly you mannaged to focus on a tall dark (and handsome oh yeah *winks*) figure. His face was shadowed under a wide brimed hat you could just make out an eerie smile that sent shivers down your spine.

"Jackal!?"

The tall man egnored both them and swept towards you.

"I dont believe ive had the pleasure, i am Akabane Kuroudo, but most people call me Dr.Jackal." he stooped down and took your hand kissing it softly. He looked up at you as you pulled your hand way, his eyes were so dark they were almost totaly black.

Ban grabbed you by the sholders and pulled you away.

"Hm what a shame it looks like our first meeting will be out last." Akabane chuckled as he seemingly from no where pulled out 3 scalpals held between his knuckles. Ginji pushed you back making you fall to the floor,

"-----! get out of here."

There was no way you were leaving everything up to them, but you were unarmed and didnt have any special abilitys like Ginji or Ban. You ran to the other side of the warehouse where the knives from earlyer were still stuck in the wall.

"Now now two on one isnt realy fair is it?"

"Ginji, go find that stupid dog ill take care of him."

"But Ban-chan?"

"dont worry" Ban winked.

you watched as ginji ran off into the back of the warehouse and ban started to fight with akabane, you couldnt beleive how fast they were, faster than normal humans should be.

You watched hoping to be able to find a patten to their movents but there was none, looked like you would just have to hope for the best. You took one of the knives and flicked it from inbetween you fingers, Akabane and Ban suddenly stoped and looked at you both equally suprised as blood ran down Akabanes cheek.

"You not the only one that can play with knives you know!" you said cooly.

"-----! i thaught we told you to get out of here."

"What and miss all the fun?"

Akabane laughed, "I like the way you think," he said picking up the blade you had trown.

"I'll kill you last." he absorbed it back into his body.

"how the-?"

"-----, this guys realy daingerus get out of here now!"

"uh right!" you ran to wards the door that ginji had gone threw.

He was already on his way back with the dog.

"----? what are you still doing here?"

"ban needs help that guys nuts!"

"Right you take the dog and get out, ill take care of Jacka!"

You took the basket off him and headed for a side door.

oh man what the hell am i doing, i should be able to fight too!

6. "follow me"

"Oh has my new play mate gone home? Well then this just isnt fun anymore." Akabane retracted his knives and left Ban and Ginji in the warehouse.

You stood outside by Bans car, what was taking so long you worried even more when you saw Akabane leaving the building. Did Ban and Ginji loose?

"hmm i thought you'd left us." he said walking towards you, shit you thaught hes gonna kill me!

"Dont look so frightened, theres no fun in killing someone who is unarmed." He tipped his hat and left.

You ran over to the warehouse door just as Ban and Ginji were exiting.

"Your alright!"

"well yeah we totaly kicked that freaks ass!" Ban laughed.

"Really? so it wasnt him who just walked past?"

Ginji laughed, "He did a runner, said he didnt want to 'play' with out you."

"Ginji do you have to keep doing that?"

You all got into the car and dropped of the dog with no problems, and went back to the Honky Tonk to celebrate another job well done.

"Hey -----? you ok?" Ginji asked with a mouthful of pizza, "you havnt said a word all afternoon."

"uh oh im just tired, i think im gonna take a walk."

"its a bit late dont ya think?"

You laughed dully "im a big girl Ban i think ill be ok."

"I just ment what with Dr.jackal around."

"he knows you hang out here right, if he was bothered he would have come knocking by now." you waved as the door closed behind you.

The truth was you wernt tired, but you had be thinking a lot, you didnt want to be the damsel in distress some girls liked that sort of thing but you wanted to be able to fight with Ginji and Ban instead of feeling so uesless. But they had those weird abilitys, you were just normal.

"akabane" you said to yourself, he must have some kind of power too, he moved so fast and the way those knives just appeared. but where the hell would i find him?

You thaught, there was no where you could think of that he wouldnt look extreamly odd. Im sure hell be around, you thaught as you walked threw the streets with no clear direction.

"Looking for someone?"

The voice sent a shiver down your spine you turned to see akabane walking to wards you. You suddenly realised how stupid it was to come looking for him cause shit that guys creepy.

"A-Akabane-san?"

"You never introduced your self before."

"uh its -----."

"well thats all i wanted, ill be seeing you, ----- -san."

"ah wait Akabane-san!"

he stoped and turned back to face you.

"Can i ask you something?"

Akabane looked extreamly shocked by this, the expression didnt suit him but he nodded.

"How do you do that thing with your knives?"

"You mean this?" he said making one appear in the palm of his hand. "its a gift."
"where can i get something like that?"
Akabane smiled, "you want to be powerful ne?"
You nodded.
"Follow me."

7. Midou Ban and You?

You woke to the sound of your brother knocking on your bedroom door.

"-----?"

You egored him until you heard someone elses voice.

"Leave it to me"

the door banged open as Ban strode into the room.

"Oi lazy bitch." he said pushing you with his foot, you rolled over and grabed his leg making him fall over.

"and a good morning to you too."

"bloody hell man theres no need to get nasty." Ban said rubbing his head, "We was worried about ya so i cant to see if your ok?"

"im uh fine?"

"You sure? You seemed a bit off last night and you look a little pale?" he said sitting on the end of your bed.

"And you said i worry too much?"

"Yeah well. so you sure you alright?"

"Ask me again and you'll be the one with something wrong."

Ban laughed.

"Wheres Ginji anyway?"

"Still in bed hes as lazy as you."

"Everyones still in bed its 6 fuckin 30!" your brother yelled threw the door.

You looked at Ban who blushed slightly, "like i said i was worried"

You laughed.

"ill be right back."

when you returned from the bathroom Ban was fast asleep on your bed.

You laughed and sat down next to him.

Ban grabbed your arm and pulled you down onto the bed, "im sober now." he wispered.

"Ban?"

He pulled you closer and pressed his lips against yours, he put his arms around your waist and pulled you in deeper running his tongue across your lips. You put your arms around him and grabbed his ass (and its a fine ass ne?) you felt him smile as you pushed your tongue into his mouth.

"For gods sake close the door!" your brother called from the hall, you imediatly let go of Ban.

"Onii!! What the hell?!"

"im just sayin, your friend theres pretty cute ya dont want me to see to much do ya?" he winked.

You slammed the door in his face, you wouldnt think he owned a succesful business, cause he was such an idiot.

"man its cold in here."

Ban was right you could see your breath condensing in front of you, was this it?

Ban stood up and streched, "I better get back if Ginji wakes up and im not there."

You laughed, "what are you married?"

"Ill let myself out." he waved casually as he left.

"sorry did i put him off?"

"shut up moron."

8. "Did You Have A Bad Dream?"

You decided to stop by the Honky Tonk later that afternoon, maybe Ban and Ginji would let you on another job, you were sure you would be more use this time.

"Even if we had a job theres no way your coming, not after what happened last time."

"But that was ages ago."

"It was yesterday stupid and i said no!"

"Ginji!?"

"I agree with Ban with Jackal taking an intrest in you and all."

"Hmpf i could take him." You mutter.

"yeah sure" Ban laughed "id like to see that"

"let me come next time and you will!"

"Its good that your confident and everything but-."

"Fine."

you turned round and headed out the door, there was always another way, you took out your cell phone and dialed.

"moshimoshi, akabane-san? ----- des, ive got a favor to ask." (guess whos trying to learn japanese :P)

"Ban-chan are you sure about this?"

"Course, your so suspicious."

"Well the call was anonnamus."

"Moneys money even if you dont know where it came from."

"i guess"

they stood in the middle of the park, the ananomus called had arraigned to meet them there that night.

"Hey Ban do you think ----- is ok?"

"Who cares so long as shes no where neer Dr.Jackal."

"Funny you should mention that." You stood with your arms folded leaning against a tree Akabane at your side.

"-----? what the hell?"

"Well, Akabane-kun helped me out the other day so i thaught id repay the favor."

"You what?"

"you dont think im strong enough, Midou Ban? well we'll see." You turned to Akabane, "you dont mind if i take that one do you Aka-kuuuun?"

"Not at all" he smiled.

"Aka-kun? what the hell?"

"You ready Midou-san?"

"-----, look i appologise ok. just come and have a drink yeah?"

"oh im not mad i just wanna prove to you that im stronger than you."

"----- you dont mind if i start my battle with Ginji-kun do you?"

"sorry i didnt mean to hold you up Aka-kun."

Ban walked up to you and grabbed you by the arm.

"-----, we gotta talk now!"

"hey!"

"Just what the hell is with all this Aka-kun shit?"

"like i said he did me a favor."

"What favor."

"He made me stronger."

"eh."

You grabbed his hand, which immediately began to get cold and stiff.

"ahh" he pulled away "what the hell?"

"did you know 70% of the human body is water? and water freezes."

you held your hand out in front of you, quickly the moisture in the air began to freeze. you grabbed the hilt of your newly formed ice sword, "not bad for one days training ne?"

Ban grabbed you by the wrists and pushed you back into a tree.

"-----, i didnt know you had this power did i, i was only worried about you."

you looked up into his deep blue eyes, so blue you'd never looked at them like this before, they were...

Beautiful.

"you should have trusted me." you said closing your eyes you thrust your sword into Bans stomach, you could feel his warm blood on your cold hands.

"-----?" he choked before collapsing, blood soaking the grass.

"Ban?" you said beginning to panic, "Ban? oh shit im sorry, Ban? BAN!!!?"

"Just one minuite."

You were on all fours staring at the ground, tears running down your face.

That was?

"Did you have a bad dream?" Ban said crouching down beside to you.
