Well, it is about my thoughts about life.

1. thought one

I would sometimes think what would happen if I committed suicide. Will anyone remember me, will anyone noticed that I'm gone. Will anyone remember the idiot girl. Will anyone remember the girl who was sad all the time. Will anyone remember me? Well, for me, I guess no one will even remember me. I really hate my life. Why was I put on Earth? What is my purpose on earth? Why am I live? Why doesn't noticed the girl who sits by herself at lunch? Why doesn't talk to her? Do they hate her, or it is that she has no friends? Why doesn't anyone notice the girl?

2. thought two

What does death feel like? Will it be cold? Or will be lonely? Will anyone remember me after my death? Will I go to heaven or hell? Will I have angel or demon wings? Will I met God or met Satan? Will I met my family in heaven? Or will I met Satan in hell? Will I die peacefully, or painful? In death will it be cold and black? How will it feel when the soul leaves the body? What will death feel like?

3. thought three

How will the human race end? How will the earth end? Will it be me who destroys the human race or the earth? Will it be me who helps the human race or the earth? Will it the earth be destroy by the human race? Will it be war that destroy the human race and the earth? Or will it be God and/or Satan destroy the humans and the earth? Or the humans destroy other humans and the earth? Or a virus kill all the human on earth? How will the human race and the earth end?

4. thought four

How will I died? Will I died in pain or in peace? Will it be suicide or murder? Will it be a natural death? Or will it be by a human hands? Will I be an angel or demon? Will I have angel wings or demon wings? Will I go to heaven or hell? Will I met God or Satan? Will it dark or light? Will God take me to heaven? Or will Satan take me to hell? Or both of them will not take me to heaven or hell? Will I walk the earth forever? How will I died?

5. thought five- for my uncle Larry

For the memory of my Uncle Larry.

I know you suffered in your life. You shouldn't have drink all that stuff. Now your gone. The angels of death took you away from us. Now your in heaven, with your dad, sisters, and brothers. Now you have no more pains. Now you can rest in peace. Now you can't feel the pain that you feel on earth. Now you can watch everyone on earth. Now you can meet your dad, sisters, brother again. But we'll miss you. I'll miss your warm hard handshakes. I'll miss your warm greetings. We'll miss your happy warm jokes. Now you can rest in peace.
