# 1. Pretty Fly For A Burned Guy

Rurouni Kenshin Songs

I think everyone knows the song 'Pretty Fly For A White Guy' by Offspring. I made my own version about it with Shishio as the theme n\_\_\_\_n" My god...

I don't own the original song and I don't own Shishio (good for him, cause if I did... \*evil grin\*).

Well here is it. Have fun!

Pretty Fly For A Burned Guy

Burn Kyoto baby! Uh huh uh huh!  
Burn Kyoto baby! Uh huh uh huh!  
Burn Kyoto baby! Uh huh uh huh!  
And everyone say's he's pretty fly for a burned guy.

Shoot, burn, try, but he'll never never die.

You know it's kinda hard just to get respect today,  
but his theory is cool so he gets it anyway.  
The strong they will survive and the weak they will die,  
he explains this all to Houji when he's drinking some red wine.

But don't debate, he's really great.  
You know he gets everything going his way.  
The Juppongatana is coming back.  
From west and east, from west and east.  
And with his red eyes, and with all his spies.  
At least you know he's like a burned cookie in disguise.  
The world needs maniacs  
Hey, hey, count Shishio in!

Burn Kyoto baby! Uh huh uh huh!  
Burn Kyoto baby! Uh huh uh huh!  
Burn Kyoto baby! Uh huh uh huh!  
And everyone say's he's pretty fly for a burned guy.

He has some cool followers, not just any will suffice,  
there's Sojiro he's so cute he can melt the coldest ice.  
To bad that he was burning when he was fighting Battousai.  
But if you think twice he would have kicked his lilly ass!

But don't debate, he's really great.  
You know he gets everything going his way.

The Juppongatana is coming back.  
From west and east, from west and east.  
And with his red eyes, and with all his spies.  
At least you know he`s like a burned cookie in disguise.  
The world needs maniacs  
Hey, hey, count Shishio in!

Now he's going to bomb Tokyo, he's getting it done  
But how could he know that the Battousai would come?  
Sano blow up his boat but he's not in pain.  
But we still love him, because he's so insane!

Burn Kyoto baby! Uh huh uh huh!  
Burn Kyoto baby! Uh huh uh huh!  
Burn Kyoto baby! Uh huh uh huh!

Shoot, burn, try, but he'll never never die.

But don't debate, he's really great.  
You know he gets everything going his way.  
The Juppongatana is coming back.  
From west and east, from west and east.  
And with his red eyes, and with all his spies.  
At least you know he`s like a burned cookie in disguise.  
The world needs maniacs.  
The world loves maniacs.  
Let's get some more maniacs.  
Hey, hey, count Shishio in!

Sora: (speechless)

Shishio: "...What was that?! Some sentences aren't even right... And they don't fit in the song!"

Sora: "To bad for the song then!"

Shishio: \*sighs and walks away\* "Damn kid..."

Sora: (turns to reader) "Never thought this was going to be so hard! I don't think it's great, but I don't think it's bad either. I hope you liked it. Thanks for reading! Have a nice day!" n\_\_\_n

## 2. Creepy Old Freaky Dude

Rurouni Kenshin Songs

This song is originally made by 'The Four Tops' and is called 'Sugar Pie Honey Bunch'.  
Again I made my own version about it, now it's about Jinei.  
(Sorry if Jinei is spelled wrong, it's like this on my dvd's)  
Have fun with 'Creepy Old Freaky Dude'

Creepy Old Freaky Dude

Creepy old freaky dude  
Do you know you're scary?  
With your too big smile.  
That you show us once in a while.

In your little boat.  
You kidnap Kaoru.  
Leaving poor Kenshin behind.  
When he's calling you a thousand times.

When you look at me with your creepy eyes.  
I freeze immediately.  
With your sword you approach.  
And there's nothing that I can do.

With your too big smile, yes with your too big smile.  
Creepy old freaky dude.  
You're creepier than a man should be.  
With your too big smile.  
But you're cool, everyone can see.

Then you're fighting Kenshin, turning into Battousai.  
And he attacks.  
But then the choking Kaoru yells.  
And he stops right above your head.

What the hell is your name? It's never the same!  
Sometimes it's Jinei, sometimes it's Jin-eh...  
But that doesn't matter cause you will always be our,

Creepy old freaky dude.  
Do you know you're scary?  
With your too big smile.  
That you show us once in a while.

Creepy old freaky dude.  
Do you know you're funny?  
With your too big smile.  
That you show us once in a while.

Creepy old freaky dude.  
Do you know you're awesome?  
With your too big smile, yes with your too big smile.

Creepy old freaky dude.  
Do you know we love you?

### 3. RK Karaoke Dance Party

#### Rurouni Kenshin Songs

The original song, 'Shrek Karaoke Dance Party', is from the movie Shrek. And this time it's sung by more RK characters!

#### Rurouni Kenshin Karaoke Dance Party

Kenshin:

Hi everybody and welcome to the RK Karaoke Dance Party! I suppose I'm going to start because I'm the leading role of the show...

(Starts singing)

I'm a Rurouni, I was a Hitokiri.

But you've never let me down for that hmmm...

Kaoru:

You ran right into my life.

You always helped me through.

Though I'm always hitting you, I know I love you.

Yahiko:

Yeah!

I'm kinda short and I can not lie.

But nobody will deny.

That when I really fight my feelings are right and then I'll bite your head and you get...

Hiko:

Sake!

(Everyone: "Huh?")

Sanosuke:

I was a fighter for H-I-R-E!

I was a fighter for H-I-R-E!

Shishio:

Do I have to wear these bandages? Ow!

Do I really always have to burn?

Juppongatana:

Ah ah ah ah...

Houji:

He's staying alive!

Staying alive!

Juppongatana:  
Ah ah ah ah...

Saito:  
Where are my cigarettes? Where? Where? Where? Where?  
Where are my cigarettes? Where? Where? Where? Where?

Sojiro:  
So c'mon and watch Rurouni Kenshin!

Aoshi:  
Dum, dum, dum, dum, dum, dum...

Kaoru:  
C'mon everybody now!

All:  
Watch Rurouni Kenshin!  
Watch Rurouni Kenshin!

Shishio:  
All we need are more bad guys.  
Jinei:  
Some people like us who are insane.  
Shishio and Jinei:  
Yeah!

Misao:  
Where is Aoshi-sama!  
Hiko what are you doing?

Hiko:  
I'm just drinking some sake.  
Shishio:  
Like you don't drink enough already...

Megumi:  
Say something Kenshin!

Kenshin:  
Maybe I just have to say `Oro'...

Sanosuke:  
So we can laugh again.

Kenshin and Kaoru:  
It's obvious we love each other but we  
don't say a thing.

All:  
Watch Rurouni Kenshin!  
Watch Rurouni Kenshin!  
Watch Rurouni Kenshin!  
...
