1. Time stays

Sonic always left out on adventures, but this time he's on an adventure that will save the entire world. Sonic was out for a run one day when suddenly he tripped on something. "Ow! Awww man! What the heck was that?!" Sonic yelled. He turned around only to see a large beautiful silver crystal. "Wow! What a beauty! It's not a chaos emerald, but it sure will make a good Valentines Day gift for hmmm..... ME!" Sonic said joyfully. Tails came by holding a chaos emerald. "Sonic look a chaos emerald! I found it in green hill zone act one!" Tails said joyfully. "Cool, but look what I found!" Sonic shouted holding the crystal. "What is that?" Tails asked curiously "I don't know. I found it today." Sonic replied. The two friends ran off to the cabin they sleep in. Suddenly a crash was heard. Sonic looked outside his window to find Metal Robotnick. "No you don't! I'll save the world always from you and Robotnick alike!" Sonic shouted. "Not this time Sonic! I have a hostage!" Metal Robotnick yelled. "Sonic help!!!!!!!" Sara yelled. "DANG! NOT AGAIN! Can't she and Amy for once not get kidnapped?!" Sonic yelled "Come on! We got to save her!" Tails yelled Suddenly Knuckles jumped on Metal Robotnick's neck "Let Sara go!" He yelled. Sara fell in Tails's arms "Good thing I got long arms huh?" Tails joked. Now Knuckles was in Metal Robotnick's hand. "Help Sonic! Help!" Knuckles yelled Sonic grabbed a ring. "With this I am invincible!" He shouted as he crashed Metal Robotnick into nothing. "Cool!" Knuckles said joyfully. "Hey! What's that?" Knuckles asked pointing to the crystal Sonic was holding. "I don't know. It's just some crystal." Sonic replied. Sonic slept at night as the crystal shined eighth different colors. And the moon became red as the sky was black. Sonic woke up the next morning "Ow my head!" He said holding his head. "Maybe this works better in a bag and not under my pillow." Suddenly he fainted asleep and dreamed of his old rival Metal Sonic chasing him in the crystal quartz zone until he falls off an edge. "Sonic wake up!" Tails shouted "Huh?! What?!" He shouted as he jumped out of bed. "Man what a dream, I best wake up as soon as possible." Sonic thought as he pushed the alarm clock. "It's a beautiful day today, a perfect day for Sonic the hedgehog's birthday party to start. But for some reason Sonic is not here and time is not going fast enough it is staying behind! It's mourning but our clocks say it's night time! So if you find Sonic tell him to find out what is happening to our clocks and wish him a happy birthday!" The newscaster said. Sonic jumped out of bed screaming "AHHHHH!!!! What the heck!? H-H-How can I possibly- What is going on?!" Tails walked across town yelling "WHAT TIME IS IT WHAT TIME IS IT? NOOOOOOOOOOOOOOOOOOOOO!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!" Sonic got extremely annoyed "GRRRRRRRRRR Shut the heck up Tails you cry baby!" He yelled to Tails. "What!? Sonic that's not nice!" Amy said to Sonic. "Tell him your sorry!" Sonic looked at Amy and moaned "I am sorry Tails." Sonic said. "It's okay Sonic. Come to think of it were Sally, or Sara?" Tails replied. "Hmmm good question." Sonic answered. Then he spotted a note saying "MUWHAHA! Guess what Sonic?! I have kidnapped Sally and Sara and took them to water world can you stop me in time to save their lives?!" Sonic looked at the note and gasped. "Who wrote this?" Sonic asked softly. "Doctor Robotnick of course!" Amy said "No It cannot be him I've seen his hand writing before and it is a lot worse than this." Tails replied. "But if he did not then who did?" Sonic asked. While the three stood there, Knuckles came to ask them something. "Were are the chaos emeralds?" He asked. "What? There not on Angel island?!" Sonic gasped "Don't play dumb with me Sonic! You always steal them!" Knuckles shouted. "Oh God not again Knuckles!" Sonic said. Suddenly a light flew around the four and

lifted them into the sky and in a dark cloud. Were they landed in a big world filled with water.
"Oh god this is my worse nightmare" Sonic thought to himself.
