*can Big Cheese work up the guts to ask Polly to a dance

and tell her he likes and or loves her

so he can avoid banishment

and will she like or love him too*

1. Unexpected Love

Unexpected Love

Jerry and Big Cheese were trying to come up with yet Another futile plan to beat the Pizza Cats but getting nowhere fast.

Jerry Atric said "so boss any new plans?"

"Nope not really do you have any Jer?"

"why are you asking me?" he thought probably so he can take my idea for his own

"Not really boss guess we can just wing it."

"Very funny Jerry." Big Cheese Laughed

"I don't get it boss what's so funny?"

"You mean you don't get it Jerry wing it cuse you're a bird that's a good one."

"That is funny boss but about the plan meant oh never mind"

Princess Vi's voice Bellowed over an intercom "there is a meeting in five minutes everyone on the council must attend."

"Guess I have to go to a stupid meeting our planing session has got to be put on hold for now Jerry."

"So long boss see ya later."

he thought to himself finally some time to myself to brush up on my reading and stuff.

who am I kidding I have to find out what this meeting is about incognito of course

The Big Cheese had just entered the room and had taken his assigned seat

Jerry took a seat in the rafters unnoticed.

Princess Vi said finally now we can begin

Big Cheese sighed and thought I wonder Why Vi called a meeting i don't have time for this I need to make my next plan to try to defeat the Pizza Cats

Princess Vi announced

This year I expect all of the council members to have a date to the yearly dance this means you too Seymour and I know how hard it is for you to get a date so I set you up with one.

Big Cheese blushed and said "who is it?"

"Her name is" but was interrupted by a whispering in her ear it was Big Al.

And she went on and said "oh sorry your date has a cold and can't attend.

So I guess you will have to try very hard to find yourself a date.

Or you will be in big trouble with me and it will be off to prisoner Island for you."

He said "yes your highness" and left go back to the room where he went to tell Jerry of this unfortunate sitch.

Jerry left the rafters and went to find Big Cheese who was now back in the planing room

"Jerry I guess you weren't in here when I got back because you were listening in on the meeting in the shadows so I don't have to tell you anything about it."

"I know that you have to find a date or you will be banished that would be kind of a big setback."

"Darn why is it so hard for me to get a girl to date me I mean I'm a cute fox shouldn't that be enough to catch a girl's interest.

"Well it wouldn't hurt to know of some girls which we hardly ever see around here.

"Well That is Except for Polly Esther" Jerry said.

Big Cheese said "But that might result in disaster"

"Why would it be a disaster?"

Big Cheese said "we are enemies so I doubt she would go for it.

He then thought Yeh she and me wouldn't that be something then he began imagining him and Polly dancing her in a dress and without a helmet him in a suit and he was about to kiss her.

when he heard Jerry say "Wait a minute Big Cheese If you asked Polly then maybe it could buy us some time to come with a good plan for now we take a break and call for a truce."

he blushed and said "I don't know Jerry Polly probably won't go for it if the truce involved a date with me."

"Just ask her to the dance and forget about the truce idea and let's just take a break from plans for now."

"But I don't think she will go with me anyway I'm doomed Prisoner Island here I come."

"Big Cheese if you don't go ask her right now I will kick your butt until you work up the guts to ask her."

"Okay Okay Jerry I'm going already."

"Ya know violence isn't always the answer Jer"

"True but it's a good motivator."

Big Cheese walked up to the Pizza Cats place and Polly was training in the back and luckily Polly was alone.

He blushed cuse she was so pretty even clad in her armor it made him wonder how she would look in a dress

duh he thought you saw her out of uniform in the past before

dang why did he call her ugly that would make it so hard to get a date with her.

"Big Cheese what do you want"?

He blushed and said "I was wondering if you'd like to attend a dance with me at the palace tomorrow night."

"If you promise there will be no rude remarks about my looks or what i wear involved then okay."

"I Promise and i apologize for the incident in the past

i never meant what i said.

I said it cuse i like you and i was just thinking back then you did not like me but since you accepted my date offer i guess there is some hope of you likening me."

"Big Cheese slow down okay I'll see you tomorrow night."

I wonder if she likes me or if she just wants to go to a dance sigh I guess it's better than nothing and at least I won't be banished.

Polly thought to herself blushing afterwards he likes me?

she couldn't believe it it couldn't be true it had to be part of a plan to defeat them.

But She secretly wished it to be true because She did like him.

but they were enemies how would it not end in disaster.

Big Cheese went back to the palace and Jerry asked him "so did ya ask her?"

"Yeh I did"

"so...."

"She said yes but i doubt it will be anything to write home about."

"Well at least you won't banished."

"Yeh there's that" But he secretly wished that Polly would like him back.

Why did he even tell her he liked her he was a fool.

And what would come of this he'd be better off being banished.

The next night arrived and Polly entered to find her date she saw Big Cheese who was wearing a tux.

Big Cheese was being pestered by Vi saying if his date did not show up soon he would be banished.

Vi noticed a cat in a black dress with red hair and said "oh never mind I think your date is here.

He said "huh" and turned his head to see and he noticed Polly and he blushed.

Polly walked up to him and she put her arms around him and he put his arms around her and they just danced to the music.

Jerry watched from the door and thought hmmm I wonder what will happen if they fall for each other he may not want to fight anymore that would not be so bad I've been meaning to retire.

He then thought kiss her already you fool.

Big Cheese and Polly were dancing when they did a dip.

they closed their eyes and their faces moved closer toward each other which resulted in a kiss.

He thought I can't believe I get to kiss Polly

She thought he's not bad kisser.

and they both were blushing because they now knew they both liked each other or rather were in love.

After the dance they told each other the truth that they loved each other

and they decided to call a permanent truce and to eventually get married.

so a fox that finally worked up the guts to ask out a girl ended up with him getting the girl

so in a way this was a plan that finally worked.

The End
